

Wednesday, October 9, 2019 at 9 am – 2 pm
Oklahoma Expo Hall at the Oklahoma State Fair Park.

Thank you for your interest in the 2019 Build My Future OKC event. This event will be a fun-filled day of exploration and industry awareness for our high school students coupled with recruitment, branding and marketing for our business participants.

Build My Future OKC is a one-day Construction Career day for high school students across the Oklahoma City area. Interactive, hands-on exhibits from organizations in the skilled trades and the building industry will provide students a valuable insight into potential internships and future employers. Participating schools send students for approximately five hours of activities provided by industry partners. Student activities include educational displays, equipment operations, and learning experience.

Build My Future OKC was inspired by the Build My Future Springfield, Missouri event held in 2017 and 2018. It was organized by the Springfield Home Builders Association and community organizations.

Professional Women in Building could not put this event on without gracious sponsors, exhibitors and volunteers. For more information on sponsorship, exhibitors, and volunteers, visit our website.

Our Mission: Inspire OKC youth to pursue professional careers in the skilled trades and home building industry
